

Zen Garden

(Albert Strimitzer)

Sand

Placing the Sand may take some seconds.

Rake

- The Rake is moved by the **mouse**.
- The **mouse wheel** changes the direction. Alternatively **F3/F4** can be used.
- In that case "**Ctrl**" increases the speed.
- When "**Shift**" is held the rake is pressed deeper into the sand.

Stone

- As to build Stone you have to press "**Space**".
- Then you mark the edges bei **clicking** the mouse.
- At last you press "**Shift**" again.

Grass

- As to plant grass you have to press "**Alt**" while moving the mouse.
